

MAXETAG FOOTY TIPPING – 2020

Terms and Conditions.

WHO CAN ENTER TIPS?

The footy tipping competition is open for Maxetag members in the individual venue running the competition or for members who have a membership tag from 1 or more venues within a group of venues with connected Maxetag membership. The venue(s) may choose to charge an entry fee to be part of their competition. The venue will determine what the prizes for winners are. Tips must be saved by the member after they are entered on the Maxetag foyer to be stored in the Maxetag system.

HOW TO ENTER

Entry is available for the first 22 rounds of the AFL season from the beginning of the season. Round 23 is added after dates and times are confirmed for games. Tips for each game can be entered or edited at any time prior to the nominated game commencement time as published on the official AFL website - www.afl.com.au. Tips cannot be altered after a game has commenced. Members must manually put tips into the Maxetag foyer for all rounds to be given a score for each round. If a member misses the first 3 rounds but puts tips in by the 4th round, they will be automatically allocated the 'average' score for the tips placed in rounds before round 3. If they miss a round after that, they will get 0 score for that round.

ROUNDS & MARGINS

The first game of each round will require the member to select a margin of the winning team. These margins will be used to determine weekly and total round competition winners.

SCORING

The member will receive 1 point for each correct game pick each round. The member will receive 0 points from an incorrect tip or a draw. If the member picks the exact winning margin, the round margin will equal 0. If the member picks the winning team but not the winning margin the round margin will equal the difference between the actual game margin and the members selected margin. If the member picks the wrong winning team the round margin will equal the actual game margin PLUS the members selected margin. 2 bonus points will be added for 100% correct tips in 1 round.

MEMBERS RANKING

Members will be ranked by total score. If there is a tie between 2 or more members with the same score, the round margin will apply to give them individual rankings. The member with the smallest margin will be ranked the highest etc. This will apply both to the weekly round and the total competition (23 Rounds). In the event of a tie the venue will split the prizes accordingly. The Maxetag Foyer will display the ranking for each round and total ranking to the individual member when they select the tabs to display these. The venue may choose to advertise a ranking report for the round or total rounds for members to see what the scores of other members. If fewer members participate than the total number of prizes allocated, the number of prizes won will match the number of members participating. Excess prizes will not be allocated to any member.

PRIZES

Prize money will be total of entries divided into 1st, 2nd and 3rd along with prizes and goodies purchased with entry monies.

Winners will be contacted by the venue within 14 days of the completion of Round 23. Winners will be required to show proof of identity when collecting the prize.
